Mr. Collins stated the responses were the same as the past with the negative comments being towards the bathroom facilities. Mr. Olmstead asked if that was improved. Mr. Collins said we saw improvements and there were fewer complaints. Most complaints were about the physical space being small and cramped. Mr. Ferguson asked if we have seen measurable upgrades to their software. Mr. Collins explained that it is certainly a different system. Bonnie Reife looks at the limitations, and she works with RecDesk to provide additional reports because their stock reports are not as good as what we used to have. So we are working to improve that.

**ZONING**

Mr. Collins stated the Board of Zoning appeals met and had a variance request; it is a property that has been zoned for commercial use but, it is a residential home and they need a variance that states they can rebuild the house. The home is located on Central College Road.

Mr. Olmstead asked if the home on the northeast corner of Harlem and Central College is in the Township or in the City of New Albany as he noticed 2-3 big dump trucks parked near a house with piles of gravel in the driveway. We are seeing an increase of incidents of these kinds of things. Mr. Collins stated he would check as there have been some annexations. Chief Hoovler requested to briefly go over the budget. Mr. Ferguson asked if there were any changes from 2018 to which Chief Hoovler replied slightly. There was a discussion as to which areas saw a change. Revenue in 2018 was up $387,000 over 2017. The Fire Department showed the electric bill was down $2,000 which was a result of the bay lights. The gas bill was up, which could be the result of the new stove that has 9 standing pilots which remain lit at all times.

There was also a brief discussion regarding the equipment, purchasing of trucks, etc.

There was another discussion regarding runs from medical locations to a new location due to additional issues that can’t be handled by the facility. Chief Rupp said it had happened about 8-10 times last year.

Mr. Olmstead does not support right now, but maybe sometime in the future.

Mr. Ferguson asked Mr. Olmstead if there were something other than the cost that he doesn’t agree with. But, his concern is the number of runs and he’s just not there. Chief Hoovler explained that they usually request $20,000.00, some time they use it sometimes they don’t. In 2018, there was no resolution for a purchase order, so when the bill came for the gear, there was not purchase order for it and we were short. So, I increased it to compensate for last year.

There was a brief discussion regarding branding for trucks and why the paint scheme changed, where Mr. Ferguson stated a recommendation should have been made to change the color scheme and it was done unilaterally. Mr. Ferguson also feels we should have continuity and a consistent theme on all of our trucks. In the future he would like the administrator and chief to have a process for changes. Chief Hoovler replied in their defense that from now on and in the future they will make sure to relay all the pertinent information to the Trustees. Chief Hoovler also noted he understood Mr. Ferguson’s concerns. Mr. Rybski stated as a group we need to come to terms of what we want. Mr. Olmstead voiced that he just does not like surprises and would like to think about it some more. Mr. Ferguson’s recommendation is to see some consistency, what our options are, what we are specifically changing, besides the black. He’d like to have some uniformity to what we are going to do in terms of coloring, lettering and what stickers are going to go on what just to have consistency with our equipment.
