ADMINISTRATOR

Mr. Collins said that we are still tracking ahead of last year on our HRA reimbursements. He is requesting a higher purchasing authority for the Township Administrator and Fire Chief from \$2,500 to \$5,000. He said Mrs. Powell suggested a spending authority increase for the Fire Chief as well. The Township had another mosquito treatment by Franklin County Public Health on July 22, 2019 and the mosquito count is coming down. They are nuisance mosquitos, none have tested positive for West Nile. Mr. Collins is requesting out of state travel for a conference. Mr. Collins also has a proposal from Prime AE group to inspect the Fire Station roof.

Mr. Collins said that today there is a drainage repair being completed on Bevelhymer Road just south of the intersection at Walnut Street. Mr. Collins sent a request to ODOT to check on the regular seasonal visibility issues at State Route 605 and Walnut Street, as well as a report of dead Ash trees along State Route 605.

Mr. Collins said that pool revenues have rebounded with the nice weather. The swim lesson program has done very well over last year. The vendor that the Township is using to manage the swim lessons added a week of private lessons at the beginning of the season. The township is currently at 200 lessons in 2019 vs 150 lessons in 2018. Mr. Collins gave an update on the pool equipment. The Township is waiting on two small staircases.

Mr. Olmstead inquired about the Stark County litigation with OPEC-HC. Mr. Collins believes that they are waiting for claims from 2017 to be paid. The net result of claims that they have paid on the Township's behalf versus what the Township has already paid is approximately \$35,000. Plain Township has a credit towards any calculation that the Township might owe. There is a potential settlement between Stark County and Jefferson Health Plan to resolve the current lawsuit/litigation.
