Council also approved funds for design of an additional trunk line from the new trunk line up to Jug Sreet Road and over to Harrison Road. Council also discussed the refurbishment of the school playground between the Middle School and lower schools. The design is estimated to cost $1.6 Million.
The school district is asking the city for participation in the cost. The design includes 2 pavilion structures that will be open to the public. The city approved $250,000 for the playground. The Council also approved their annual grant funding for city organizations, i.e. Founders Day, The New Albany Walking Classic, The New Albany Food Pantry, The New Albany Symphony, etc. The maximum they will contribute to a group is $10,000. The New Albany Company and City of New Albany are acquiring the Taylor property on Dublin Granville just east of the new Hamilton Quarter. The intent is to turn it into a community park and walking trails to prevent housing development.

SHERIFF’S DEPARTMENT - DEPUTY KEN UPTON

Deputy Ken Upton reported that there were 2 reports in January. The first was a stolen phone. The owner thought someone was trying to steal their identity. The second was a recovered stolen vehicle.

ADMINISTRATOR

Mr. Collins discussed the status of our HRA. He noted that 2018 claims were at $178,000 and 2019 claims are tracking at $191,000 which is what he expected with 3 additional full-time employees.

Mr. Collins also reported that a couple of Township properties have garnered interest for religious use. They are existing residential properties for sale, one is on Central College Road and the other is on Johnstown Road at Clouse Road. They have asked about permitted uses.

Mr. Collins wants to finalize swim lesson rates for 2020. Once the rates are finalized, the Township will be able to distribute the mailer within 14 days. Mr. Ferguson inquired about the pool parties and whether an off-duty police officer should be required by renters. Mr. Olmstead suggested that an off-duty police officer be required at parties of a certain size.

Mr. Rybski asked about the Township property valuation and what it means for revenue to the Township. Mr. Collins reported that it could potentially be another $9,000 to the general fund.

Mr. Collins also discussed the OSU Wellness proposal. It would keep all of the current features and add a functional movement screening, as well as add access to the Heit Center for Township employees. Mr. Olmstead voiced his concern over adding this additional cost without an estimate of usage since the General Fund is not seeing much of an increase in revenue.

Mr. Ferguson made a motion to pass Resolution No. 200205A1. WHEREAS, the Plain Township Board of Trustees (the "Board") has recognized internet auction services as an appropriate means of disposing excess Township property; and WHEREAS, Ohio Revised Code Section 505.10 permits a board of township trustees to sell personal property, including motor vehicles, road machinery, equipment, tools, or supplies which is not needed for public use, is obsolete or unfit for the use for which it was required; and

ZONING

Mr. Olmstead asked about the 15-acre property that inquired about subdividing the site into 6 lots. It would require rezoning.

Mr. Collins said there are a number of definitions added to the Plain Township Zoning Resolution that are straight from the Ohio Revised Code. Mr. Collins said the Resolution is an exemption of sorts. The interpretation of Agritourism is defined by statute.

Mr. Rybski asked what the Township’s authority is to regulate if an individual is not believed to qualify as Agritourism. Mr. Collins said the zoning office would enforce compliance.

Mr. Ferguson moved to open the public hearing for the Zoning Text Amendment case 11-14-2019. Mr. Olmstead seconded the motion. Vote: All Aye

Mr. Collins reported that they have had a very vigorous review of the case at hand. This is a zoning text amendment that will deal with 3 different things. First, it will amend the language regarding recreational vehicles. Second, it will amend the language regarding accessory structures to clarify some issues. And thirdly, to regulate Agritourism activities.

There were no public comments. The Public meeting was advertised in the This Week New Albany and the Daily Reporter. The amendment was submitted to the Franklin County Planning Commissioner Review. The Planning Commission recommended approval. Staff has been working on this amendment for approximately one year. Staff spent about 5 months investigating other townships in the state and benchmarking against other resolutions that were in the works. The Township presented an initial draft to the Zoning Commission and after a second review it was introduced on November 14, 2019.

Mr. Ferguson moved to close the Public Hearing. Mr. Olmstead seconded the motion. Vote: All Aye

FIRE DEPARTMENT

Chief Hoovler reported that they had 129 fire and EMS runs since the last Board of Trustees meeting. Chief Hoovler distributed a report that lists simultaneous/overlapping runs. In December 2019, PTFD had a total of 236 runs. 70 of those runs involved overlapping. In January 2020, there were 91 overlapping runs. Chief Hoovler believes this is something the Township needs to look at for staffing/need.

Chief Hoovler reported that the new medic is in production. Delivery is estimated to be late March 2020. Chief Hoovler also reported that the pump transmission in the Ladder was repaired same day. The engine refurbishment is currently in the paint stage. All the prep work at Heritage is done. Expected delivery is mid-March.

Mr. Ferguson asked about the deteriorating asphalt behind the fire station. Mr. Pharris reported that he has had 2 people come out to look at it. He spoke with Franklin County and one of the Franklin County Engineers is supposed to get in touch with Mr. Pharris.
Chief Hoovler reported that the roof is not leaking. He reported that CertainTeed is going to cover the cost of removing and reinstalling the Cupola.

Chief Hoovler wants to revisit the lateral transfer policy. Mr. Olmstead would like to see a recommendation from the Fire Department and Mr. Collins. Mr. Ferguson inquired about the status of the VIP software. Mrs. Powell reported that the launch date for the software is going to be pushed to early March. The Fiscal office is currently working on several things for the new software. All of the 2019 data has been extracted, converted and sent to Software Solutions. The data will then be uploaded to the live system. Once that is completed, we will need to validate that data and the live system will still need to be checked for accuracy. As I mentioned at the last meeting, there still are reports that are not matching. Software Solutions is still trying to pinpoint where the issue is.

Mr. Olmstead asked if OTAS is still be used. Mrs. Powell said yes. The goal is, at February month end, to extract and convert the data from OTAS and upload it into the live system so we are not re-keying a lot of data.
